"DEFENSE RESTS"
SAID DELMAS AS
COURT OPENED

AND THIS FLANK MOVEMENT
TOOK JEROME COMPLETELY
BY SURPRISE.

STATE MAY CALL EVELYN

But She Will Not Be Allowed to Re-
but Any of Her Testimony
Given Before.

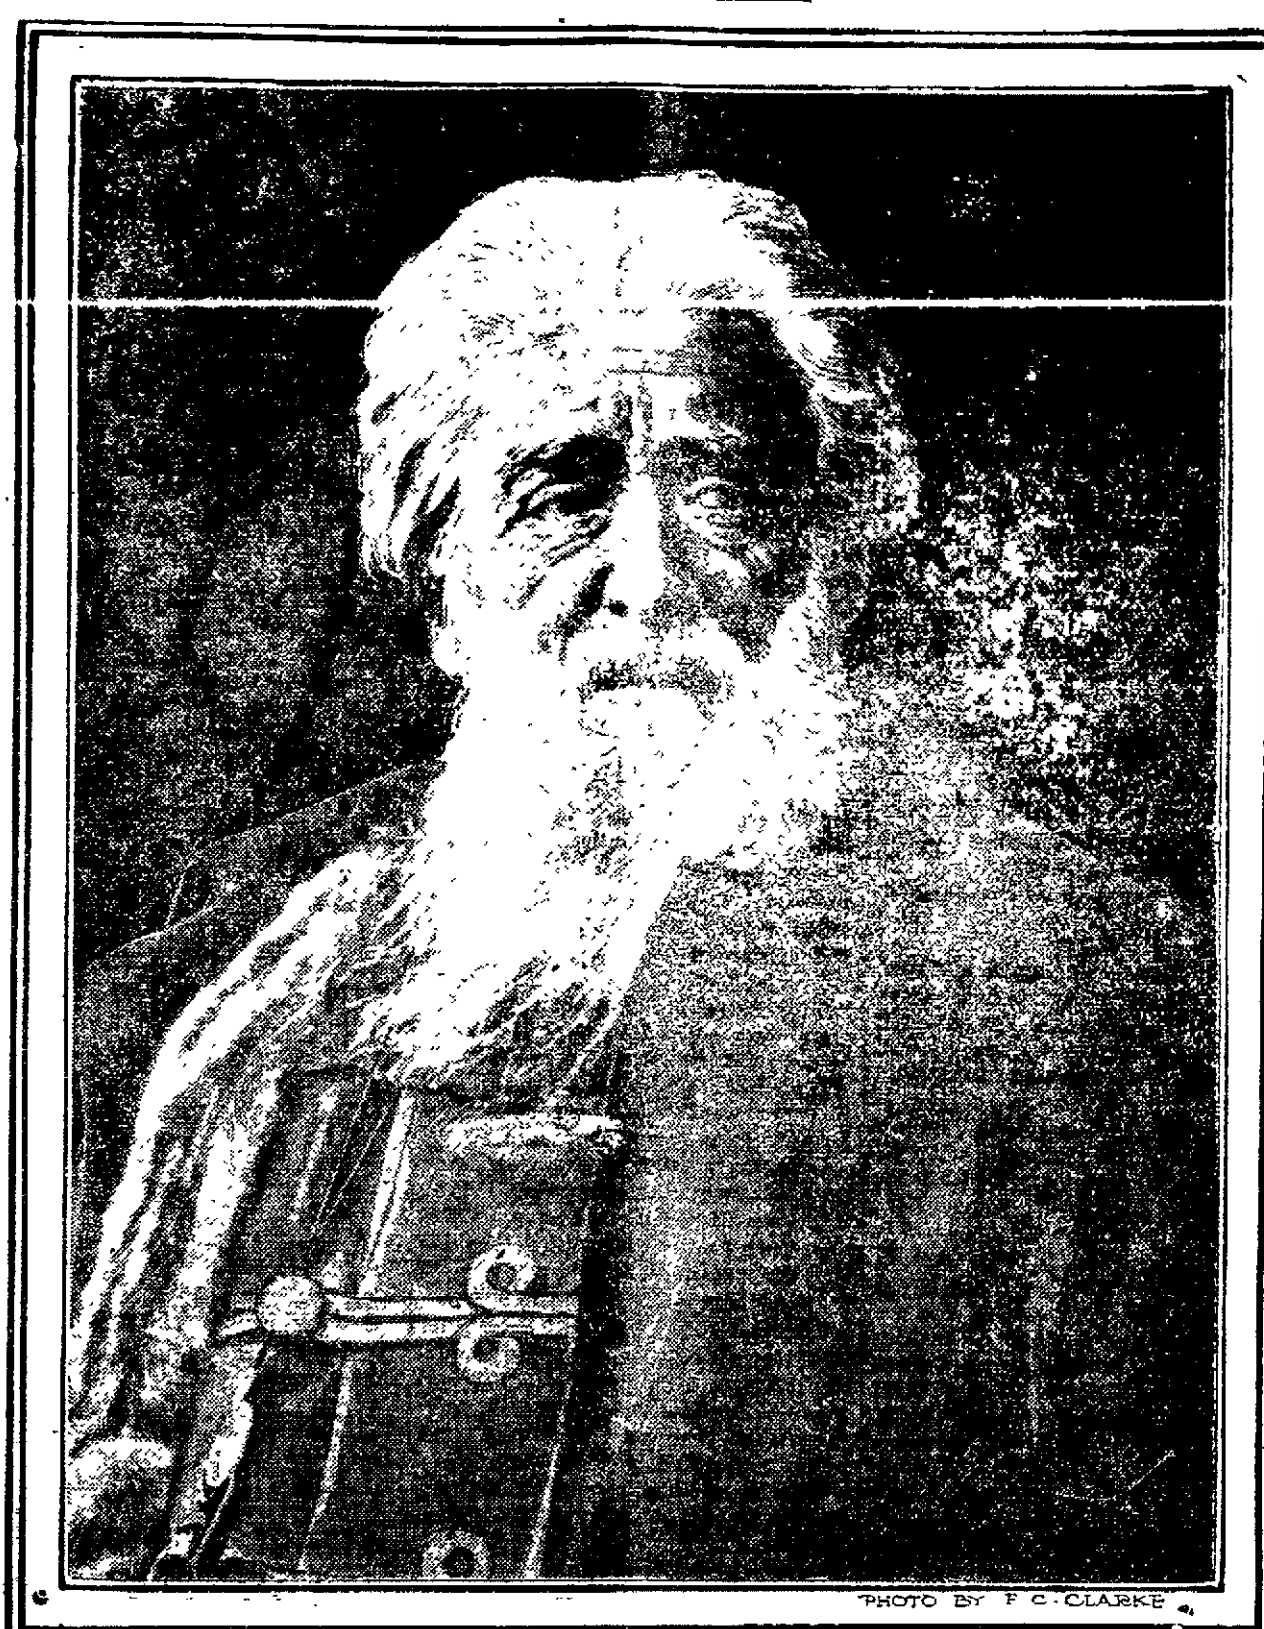

New York, March 8.—Lawyer Delmas today outflanked Jerome and the latter was compelled to sue for an armistice to enable him to re-arrange his plan of fight in the Thaw trial. Jerome was "stumped" by the sudden change of front of the defense in resting its case today though the change was characteristic of Delmas. In releasing the experts, Drs. Wagner and Evans without their mentioning Thaw's present mental condition, Delmas surprised the prosecution. When Delmas today made the formal announcement, "The defense rests," Jerome could only explain to the court that the suddenness of the move had left him unprepared, and that he had no witnesses at command. It had been expected that Delmas would fight against any postponement to give the district attorney time to prepare his case anew, but Delmas consented to an adjournment until Monday without a protest. To regain the ground he has lost, Jerome has determined it is understood to drag to the stand, some of Harry Thaw's own friends. Prisoner's wife will be forced to assume the position of appearing as the prosecutor's witness, although Jerome cannot attempt to make her "rebut" her own testimony. May Mackenzie, Evelyn Thaw's closest friend, and the Countess of Yarmouth, Thaw's sister, are also to be witnesses for the state. Just what Jerome hopes to draw from such unwilling witnesses it is hard to guess. It is reported that Evelyn has been subpoenaed for Monday and will be asked to identify a letter of Howard Nesbit which figures in the proceedings. Jerome is also understood to have served a subpoena on her to bring to court all the letters of Stanford White in her possession. May Mackenzie is expected to be the first witness on Monday. She knows more about Evelyn Thaw's life previous to her marriage, than any one else. She will probably be a hard witness for Jerome to handle. Jerome wants Thaw's sister to testify about facts relating to the story of Thaw and Evelyn in England. Thaw is vexed at the delay and abuses Jerome. Evelyn took lunch with him today. In case of the acquittal of Thaw it is stated a verdict could be returned in one of three forms: First, not guilty; second, not guilty on the ground of insanity at the time of the act; third, not guilty on the ground of insanity. On either of the first two forms, Thaw would be set free. With a verdict of the third form, Thaw would be left in the custody of the court and it would become the justice's duty to commit him to an asylum. Before determining the institution of confinement, the court could confer with Thaw's family as to the best place to send him. New York March 8.—The decision of Harry K. Thaw's lawyers to close their case without calling any more witnesses surprised no one more than it did District Attorney Jerome. The district attorney, expecting that the session would be devoted to the examination of more experts, devoted much time to preparing for them. When he received word that the defense had decided to rest its case, he was more or less puzzled. The decision of defense to rest its case came after conference of Thaw's lawyers in Mr. Delmas' office. Lawyers Daniel O'Reilly and Gleason were with Mr. Delmas during the discussion as to the best course to pursue. When an agreement was reached Mr. Delmas immediately notified the district attorney. Henry Clay McPike, associated with Mr. Delmas, later called at Mr. Jerome's office and handed the district attorney a letter. He refused to discuss the situation. The close of the defense was with the testimony of Mrs. William Thaw, mother of the defendant, and it was said by Thaw's counsel that no better climax could have been reached by the defense. Thaw himself has concurred in the decision of the attorneys. District Attorney Jerome was asked how long the case would last. "It seems to me that the evidence should all be in by Wednesday," he replied. "Then by giving the defense one day for the closing address and allowing me the same amount of time, the case

should go to the jury some time on Friday of next week." "Will you go to the jury with the case or will you ask for a commission in lunacy?" "On the evidence as it now stands, I will certainly go to the jury," replied the district attorney. "If there is nothing between society and any one who wishes to attack it but a 'brain storm,' we had better go back to the days of the frontier and every man take out a pistol permit." It is known that Mr. Delmas is busily at work on a hypothetical question which will be propounded to the experts for the state. Mr. Jerome's next move is awaited with interest. There are numerous witnesses that could be called in rebuttal, including alienists for the state who have been in court every day since the trial opened, studying Thaw. Howard Nesbit, a brother of Mrs. Harry K. Thaw; May MacKenzie and others have been on call daily and may be summoned. It is understood that the defense will attempt to conclude its cross-examination speedily, dealing very briefly with the alienists. How long Mr. Jerome will take on rebuttal is another question of importance. The case may close with this rebuttal, although the defense has a chance for sur-rebuttal. On good authority it was said that Delmas would sum up for Thaw. This too has been a question under discussion. Mr. O'Reilly of Thaw's counsel gave out a letter which he said had been received by Thaw last month, and which Thaw himself desired published. Thaw, however, refused to permit the name of the writer to be made known. The letter says: "Dear Sir—It is wrong that nothing is done to counteract the impression that Mr. H. K. Thaw has lived apart from good associations except at his home in Pittsburg. I hesitated in sending this information, as his lawyers should dispel this bad feeling. Instead they seem to pay attention to nothing beyond his right in the trial. Mr. H. K. Thaw has not only learned friends and scientific friends, but also others of the most conservative society. When last his mother was abroad he gave dinners for her at which he met all the best elements of society in town. The prime minister, the grand master of the court and their wives and the head of the best old Roman families. In Paris and London and other places he made her visit agreeable in the same manner. Mrs. William Thaw would seldom leave her home and her philanthropic interests in Pittsburg, but I knew of one occasion when she was present at a large dinner where the other guests were well-known New Yorkers."

BEN DICKERSON
TO COSHOCTON
FOR NEW TRIAL

Columbus, March 6.—Ben Dickerson, who has been confined in the pen annex since last June 28, will return to Coshocton Saturday by order of the Supreme court, and be kept in the county jail there until his new trial comes up, or until the supreme court passes on questions now before it and affirms the decision of the common pleas court. Warden Gould received papers Thursday afternoon from the supreme court ordering him to deliver Dickerson to the authorities of Coshocton as soon as they shall appear for him and that he is to be taken to the Coshocton county jail. It is said at the prison that the Coshocton county sheriff is expected to arrive there Saturday morning and to take him to Coshocton some time Saturday. Upon whose application the order of the Supreme court was issued is not known here but it is supposed to be by Dickerson's attorneys. LOWER FARE IN DAKOTA Bismarck, N. D., March 8.—The legislature Thursday passed a statewide primary election law; adopted a 2 1-2 cent passenger fare bill, with a provision for a 1000 mile ticket good for any member of the family at a flat 2 cent a mile rate, and an anti-pass bill. All of these measures are now before Governor Burke. TROLLEY CARS MEET HEAD ON St. Louis, Mo., March 8.—In a head-on collision at 6:25 this morning between two Bellevue trolley cars on California avenue, eleven passengers were seriously injured, while more than a score were bruised. Both cars were running at a rapid rate when the accident occurred, the northbound car, carrying sixty-three passengers jumping the track and landing across the south bound tracks. After striking the southbound car, the other was pushed toward the side of the street and carried by its momentum across the sidewalk.

GENERAL BOOTH FEARS NO TAINTED MONEY.

New York, March 8.—Gen. William Booth, commander in chief of the Salvation Army, who arrived here from London on the steamship Minneapolis, announced that he would like to make the crowning achievement of his life the founding of a university of humanity. For this and two other great philanthropic projects he wishes five million dollars. In spite of his 78 years he hopes to see his plans realized before the end of his career. He is to stop in this city until Friday, and then will proceed to Canada and sail from there to look after the work which the army has begun in Japan. "I need," said he, "fully 100,000 pounds to carry on my work, but I do not intend to beg for it. I am just looking for a man to come along and take me by the hand and say, 'Look here, General, take me into partnership.'"

GIANT BURGLAR
NEARLY BESTS
FOUR POLICEMEN

New York, March 8.—After a vicious fight with four policemen during which he nearly disabled all the officers, with a heavy "jumpy," a giant burglar, who gave the name of John Bowdoin, was arrested today at the home of John Fox, president of the Democratic club. Women in charge of the house located the thief in the dining room and called police headquarters. Four officers were hurried to the house. At their approach the burglar leaped from a window. It took the four to subdue him. His pockets were found filled with silverware. In the dining room was found a large bag filled with silver valued at \$25,000.

JURY DISAGREED
IN ADAMS CASE

Wallace, Idaho, March 8.—The jury in the trial of Steve Adams for the murder of Fred Tyler, after being in deliberation 39 hours, announced through Foreman George Eilers that it was impossible to agree upon a verdict, and was discharged by Judge Woods. The jury for many hours stood at 7 for conviction and 5 for acquittal, and it was only on the last ballot that the jurymen stood evenly divided, 6 for conviction and 6 for acquittal. Judge Woods thanked the jury for its patience and diligence in service, and after the foreman declared positively that it was impossible to reach a verdict, declared them discharged. There is no longer any opposition manifested by Thibetans to traders who are now passing freely between Calcutta and Lhasa.

REIMBURSED THE
INSURANCE CO.

GEORGE W. PERKINS SENDS HIS PERSONAL CHECK FOR \$18,000. Which Was Contributed to the National Republican Campaign Fund in 1904. New York, March 8.—George W. Perkins, former vice president of the New York Life Insurance company and now a member of the firm of J. P. Morgan & Company, has sent to the New York Life his personal check for \$18,000, to reimburse the company for the Republican campaign contribution made from its funds in 1904, in connection with which Mr. Perkins received was made defendant on a charge of larceny. Announcement of the restitution of the principal of \$48,000 and interest to date was made by President Alexander E. Orr of the New York Life, to whom Mr. Perkins before leaving on a trip to the south, addressed a letter in closing the check. President Orr also gave out the letter. In it Mr. Perkins declares he acted upon the request of the then president of the New York Life when he advanced the money in 1904, and states that he believed they were "acting for the best interests of the policy holders."

WHITE NOT GUILTY

Wooster, O., March 8.—The jury which tried H. White of Alliance for the murder of Thomas Dye of Oorville last April returned a verdict of not guilty this morning. The other young men under indictment for the crime, will probably be granted a change of venue.

A HOTEL CLERK
RESCUES GUESTS
FROM HOTEL FIRE

Kalamazoo, Mich., March 8.—Fire in the Hotel Burdick block this morning damaged the hotel and destroyed two adjoining buildings, and it is feared two lives were lost. It was reported that Nora Spouse and Nannie Karus, chambermaids, were missing. Thirty-two guests in the hotel were rescued by Frank Robinson, a hotel clerk. Robinson gave the alarm and, groping his way through the smoke-filled corridors, guided the guests out. The damage to the hotel is estimated at \$10,000. The loss of the Empire restaurant is \$7,000 and on each of the Star Novelty store, \$60,000. The total loss is \$75,000.

GROOM'S INJURY
REVEALS WEDDING

Cambridge, Mass., March 8.—The injury received by Fred Hogan Tuesday, when he fell into the tin mill, brought out the fact that he had been married last Sunday in Cambridge to Mrs. Virginia Curran, a Catholic girl, and formerly a resident of the district Crown Clothing store in New York. Hogan was married by a priest in the Colonial church in Cambridge. Mrs. Hogan was injured when her husband being in the mill. She is expected Thursday. Hogan was not intended to be announced until next Sunday—Another Elopement.

Mrs. John Fallon of East Gambler avenue and Marvel J. Alloway, of Dewey avenue, are the principals. The young couple left here Monday evening going to Covington, Ky., where they were wedded. For the present they are visiting in Columbus at the home of the groom's brother.

RACE RIOT MAY
FOLLOW MURDER

Chicago, March 8.—A murder today in the Black Belt brought in its wake threats of race riots and caused the police uneasiness. Karel Howat, a Syrian, precipitated the trouble when he shot and instantly killed Fannie Thomas, a mulatto toward whom he was attentive. The Syrian found the young woman standing before her home in conversation with William B. Franklin, a negro Standup over the body after the murder. Howat opened fire on Franklin, inflicting a mortal wound. Angry negroes pursued Howat, vowing vengeance, but he eluded them. When the police arrived the place was surrounded and threats were made to exterminate the entire Syrian colony. Howat was arrested. Miss Thomas died on the sidewalk and Franklin is dying at the Provident hospital.

BIGAMIST AT 19
LOVES HUSBAND
THO' A BURGLAR

New York, March 8.—"I liked Peter, I thought I loved Henry, but when I met Percy, I knew that I had never loved before. I worship him with all my heart, and even if he is a burglar it makes no difference to me. If he goes to jail I hope I may go too, for I want to be as near him as possible. Yes, I knew I had two husbands living when I married Percy. But I didn't love them, and oh! I do love him so." So spoke Mrs. Lillian E. Benedier, Gilman O'Brien at police headquarters in Jersey City, after she had been committed on a charge of bigamy preferred by her first husband, Peter Benedier. She wept as she saw Percy J. O'Brien, her most recent matrimonial acquisition, led to a cell. He has confessed to being the burglar who has terrorized the fashionable Bergen section of Jersey City for the past several months. Mrs. Benedier is just past nineteen. She is a very pretty blond with a bloom on her rounded cheeks. When arrested she was richly attired. Although she professes she did not know that O'Brien, to whom she was married on October 4 last, was a thief, some of her clothing was identified as having been stolen from the homes of wealthy persons.

VERDICT GIVEN
FOR DEFENDANT
IN MILL CASES

Greensboro, N. C., March 8.—The trial of the test case against the Charlotte mill men, who were sued by the government for \$71,000 in penalties for alleged violations of the immigration laws, ended rather suddenly in United States district court when, upon the motion of counsel for the government, the jury was instructed to bring in a verdict in favor of the defendants. This carries all of the suits against the defendants off the docket. It was alleged in the complaints that the cotton mill owners employed M. Costello, immigration agent, to go to England to hire laborers for the mills, and that in pursuance of this agreement Costello went, and by promises, contracts and agreements secured the consent of the aliens to come to America. The defendants offered as a defense that Costello exceeded his authority as agent, and Judge Boyd held that the government must show that the defendants shared in the unlawful purpose with Costello. Assisted Immigration Illegal.

Honolulu, March 8.—The opinion of Attorney General Bonaparte to the effect that assisted immigration is illegal has caused the greatest consternation here. It is feared that it will cause the loss of hundreds of thousands of dollars involved in the charters of the steamers Heliopolis and Kumore, besides defeating the effort to introduce European immigration into Hawaii. A special meeting of the territorial board of immigration will be called to consider the subject and will cable its views to President Roosevelt.

Schmitz in Court. San Francisco, March 8.—Maver Eugene Schmitz appeared before Superior Judge Dunne and pleaded not guilty to four indictments charging him with extortion. By agreement of counsel next Monday was designated as the time when a date for his trial will be set.

THE LEGISLATURE
ADDS TO REWARD
FOR KIDNAPPERS

BILL RUSHED THROUGH IN-
CREASING THE AMOUNT
TO \$25,000.

FOR THE RETURN OF CHILD

Mysterious Letter Was Received by Dr. Marvin, the Father of the Missing Boy. Dover, Del., March 8.—Dr. Marvin, of Kitts Hammock, whose four year old son disappeared last Monday is in receipt of a letter from the kidnappers of his child, according to a rumor in circulation here today. It is said that the letter demands a big ransom and the withdrawal immediately of the rewards for the kidnappers. It is said that the child is quite safe, but that the letter contains a veiled threat of what will happen to him if the money is not forthcoming. Much mystery attaches to the letter. Dr. Marvin denies having received it, and the police decline to discuss it. There is the best reason for believing, however, that the letter has been received and the police are working to trace it before any publicity is given the matter. It is said the kidnappers are now hiding in New Jersey. Having scoured every foot of territory within several miles of his home at Kitts Hammock, the searchers are today turning their efforts towards the Delaware bay, and a dozen craft are searching for a mysterious sloop on which the child is now believed to have been spirited away. There is apparently no longer the slightest doubt that the lad was kidnapped and the motive is believed to lie in exaggerated stories regarding Dr. Marvin's wealth. Not since the kidnapping of Young Cudahy has a crime of this kind excited so much interest. Yesterday a bill was crowded through the state legislature adding \$2,000 to the \$20,000 already offered by Dr. Marvin for the return of his son. A bounty is also out on the scalps of the kidnappers. The crime in this state is punishable by death.

SEN. LAFOLLETTE
IS IMPROVING

Washington, March 8.—Senator LaFollette is improving rapidly from a bad attack of the grip. Mrs. LaFollette has arrived from Madison and will nurse her husband. Mr. LaFollette merely smiles when asked about the dramatic manner in which she left her home in Madison to come to Washington. Rising early in the morning she walked four miles from the LaFollette home outside of Madison, to the station, and when the lone servant arose, this short message was pinned on the door: "Gone to Washington."

STOLEN GEMS.

Police Canvassing the Pawnshops of the Great Metropolis. New York, March 8.—Central office detectives and representatives of private agencies are making a thorough canvass among pawnbrokers and dealers in precious stones throughout the city in search of diamonds worth \$50,000, which were stolen several days ago from the J. J. Sweeney Jewelry company of Houston, Tex. A reward of \$10,000 has been offered for the return of the jewels. The authorities in Houston believe that the thief was a New York man and an expert, and that he will probably attempt to dispose of his plunder here.

PRESIDENT VISITS
SON WHO IS ILL
WITH DIPHTHERIA

Washington, March 8.—At 8:30 Dr. Lambert, who had been with Archie Roosevelt all night, left the sick room and said: "Archie is all right. He is stronger, and doing very well indeed." Dr. Lambert said that a bulletin would probably be issued in half an hour or so when Dr. Rixey returned. The fact that President Roosevelt visited Archie, who is suffering with diphtheria, will not prevent him from attending to his official duties or from meeting visitors who call at the White House. Through precautions will be taken to prevent the President carrying any germs of the disease from the sick room. It is understood that these precautions consisted in the President making a complete change of clothing,

PRELIMINARY MEETING OF CITY LEAGUE WAS HELD

SHAKE UP WILL COME IN PERSONNEL OF THE ORGANIZATION.

King Company and Emerson Stars Have Pulled Out—Meredith Bros and Heisey Co. In.

A preliminary meeting of the Newark City League was held last night at the Advocate office, a number of the City league magnates being in attendance. There will be a shakeup in the organization this year, the King company and Emerson Stars having withdrawn.

Only a few preliminary steps were taken last night toward the organization of the league for this season. The final arrangements will be made at a meeting to be held later. A constitution was outlined and suggestions made for the by-laws and these will be framed up and presented for adoption at the next regular meeting.

From all indications the Heisey team of the Independent league last year, and Meredith Brothers will get a berth in the City league this season. There will in all probability be another opening and this has been spoken for by several managers who have secured the backing of reliable business houses of the city.

Meredith Brothers, who have succeeded in getting the Emerson Stars' franchise, as well as their team and manager, will no doubt add greatly to the strength of the organization. This firm was fortunate in getting Manager J. F. Straud to represent their firm.

Straud has been in the City league since it was first organized and has always managed a first division team. He manages to get the best possible service from his players. Last year while backing the Emerson Stars he got a poor start and at that finished within one game of first position, having to be content with a second position team.

The biggest secret of Straud's success last year was his "kid" battery, which is composed of Winters and McCarthy. Both of these youngsters are still in school, but nevertheless, they have made an enviable record for themselves as baseball players. They are the youngest players in the City league and have undisputed claim to the title of the very best battery in the league.

Winters has a great record. Last season he pitched four successive shutouts, and in these games only nine hits were secured off his delivery. One was a no hit game and one was a one hit game. The King company was defeated 1 to 0 with four hits in nine innings. The next game was a double header with Parish Co., both scores being 5 to 0. Winters pitched both games, the first being a no hit game and the second a game of but one hit, this coming in the 8th inning. The next game was a 4 to 0 game with Rutledge in which the young pitcher's opponents got 4 hits in 9 innings. It is doubtful if a pitcher the age of Winters has a record which would equal this, providing he has played baseball in company as fast as the City league.

CANADIAN TEAM

WHICH PLAYS HERE IS STRONG BUNCH

Regarding the Canadian baseball team which will play here during the season of exhibition games, the Cincinnati Enquirer says:

From indications the Medicine Hat Canadian club will be heard from this season. Manager Nierstheimer has selected a bunch of local players that have made reputations in minor leagues, and Business Manager Cousins has booked games with the best teams en route to Medicine Hat this spring, including Lancaster, Springfield, Marion, Canton and Newark, Ohio; Stretcher, Ill.; Grand Rapids, Iowa; Peorian and Bloomington, Ill.; Keokuk, Iowa; Springfield and Elgin, Ill.; Ottumway, Iowa; Quincy, Ill.; and La Crosse, Mich. Manager Nierstheimer has been instructed by President Cousins of the Medicine Hat club, to spare no expense to put the club on a firm basis and to secure Charles Huber to put the boys in shape for the opening of the season. Huber was the manager of the Reds last spring under Manager Kelley, and from the reports of the players of last season, Huber was the man that saved the men from a lay off on account of lame arms or charley horse. The team will begin active practice as soon as the weather breaks, and Spinney's All-Professionals will be the first team to try conclusions with the Canadian team. Manager Schrimper of the Linwoods, knowing the great interest centering in the two teams, has offered his park at Linwood to the above teams the first fine day. If the weather permits March 31 will witness the opening of the

game in the East End. Otherwise, April 7 will see these two great teams come together. On the Medicine Hat club will be found such crack players as Benny Wesp, Hollis, Kerr, Hartmann, Campbell, Lindsay, Clarence Huggins, Cy Young, Red Perry, Brownie McLain, Straley, Nierstheimer, Spring and Clarkson.

GRAMMAR SCHOOL LEAGUE

The last scheduled game in the Grammar School Indoor Baseball league will be played Saturday afternoon at the Y. M. C. A. gymnasium between Central and South Side. These two teams are tied for first place in the league and the game Saturday will be an interesting one.

O. S. U. BEATS INDIANS.

The Haskell Indians' basketball team received an unmerciful drubbing Thursday evening at Columbus at the hands of Captain Barrington's Ohio State five, by a score of 50 to 21.

SPORT GOSSIP.

Only 34 days to reporting time. Personally we would like to see Danny Davis in the short field.

Joe Stoupe is acting in a very ungentlemanly manner. Newark brought him out of the brush, yet he isn't grateful enough to sign again, though his last year's salary was high.

Marty Hogan had placed an order with Spaulding & Co., for Youngstown's uniforms before the crash, and cancelled the order later. The company will reorder if the team stays in Youngstown.

Akron and New Castle capital will probably be called upon to help Youngstown out of their baseball muddle.

Angel Spease has signed at Mansfield. He was one of the league's brightest outfielders.

Jimmie Robinson an old Central leaguer and Willis Wentzel, a semi-professional from Pottstown, Pa., have signed at Mansfield.

Pitcher Buckholz, infielders McLatchie and Delahanty have not sent in contracts to Manager McVey yet.

George Stone, champion stickler of the American league hasn't signed with St. Louis yet.

Cleveland will have 50 baseball parks this year for amateurs. The city maintains these parks.

Frank Delehanty the New York American player, may play with the Sandusky Independent team this year. He expects to study medicine and play Saturdays and Sundays.

Jay Kanzier of Columbia South Carolina will manage the Sandusky Independent team this season.

BOWLING

The second series between the Mounters and Riveters resulted in a victory for the Riveters. This gives the Riveters four games and the Mounters two. The third series will be rolled in a week or ten days to decide which has the best team. Bowman rolled high score and Holler carried off honors for high average.

Tonight the Gimlets will roll the Old Five. This will be a fast game as both teams are about evenly matched.

Mounters—

Gorlus	158	147	156	461
Sex	137	130	151	418
Leonard	119	138	157	414
Connell	175	128	94	397
Bentz	146	131	109	386

Riveters—

Holler	163	159	141	463
Wright	132	115	134	381
Clark	136	173	142	451
Fowman	113	193	129	435
Roe	151	135	143	429

701 775 689 2155

ZANESVILLE WON TWO.

Zanesville, March 8.—The Roseville Pottery Bowling club defeated the Strollers, leaders of the Newark City league last night on the Brunswick alleys by 117 pins on the total of three games. They also won two games out of three. The scores were:

Roseville Pottery—

Brannon, c	169	181	184	534
Feldner	111	178	122	411
Baker	211	165	144	520
Deeg	159	168	113	440
Goodin	158	201	130	489

588 593 723 2475

Newark Strollers—

D. Baker	165	158	150	473

597 594 726 2267

Prizefighter Fined.

Grand Rapids, Mich., March 8.—Judge Stuart of the superior court fined Harry Lewis of Philadelphia, prizefighter, \$1,000 for engaging in a prizefight, and Jacob Besterman, father of Lewis, \$1,000, and Frank O'Brien, Lewis' trainer, \$250 for aiding and abetting a prizefight. Except the pending case of Referee Eddie Ryan of Detroit, these fines close all action growing out of the fight here between Harry Lewis and Mike Ward of Sarnia, Ont., Nov. 15 last, which resulted in the death of Ward.

JOE HUPP WINS FIRST SERIES IN POOL TOURNEY

Newark's representative in the big pool tournament which was started at the Music Hall opera house last night. The tournament is a 600 ball series, 200 balls being played off each night. Joe Hupp who has been pitted against New Jersey's champion kept up a fine lead last night, though both men played well and seemed evenly matched.

The series last night was the best of its kind ever pulled off in the city. Watson makes some fine shots but Hupp is just enough his superior to make things break even for the Newark bugs.

In last night's contest, Hupp scored 200 balls while Watson pocketed 172, this giving Hupp a lead of 28 balls.

The play will commence tonight at 7:30 sharp, this being the second series of the three, the last to be played off Saturday night.

BRANCH RICKEY GETS GOOD SEND-OFF

Sid Mercer who is with the New York Americans in Atlanta, wires the New York Globe as follows:

"No deal that Griffith has made in a long while has pleased him so much as the one in which he acquired Branch Rickey by giving Joe Yeager to the St. Louis club. Although he regretfully parted with Yeager Griffith thinks that in Rickey he has the best young catcher in the American league.

"However, he fears that Rickey may not report to him until after the season starts. It seems that Rickey and McAleer disagreed over salary, and Rickey then signed a contract to coach a college team at Delaware. O. This incensed McAleer and he put the catcher on the market.

"Griffith called Rickey over the long distance telephone last week and was informed by Rickey that New York's terms were satisfactory. But he had given his word to coach until late in May, and said he could not break it. He suggested that Griffith make a trip to Ohio and it is likely that the manager will do so next week. He will try to persuade the college authorities to release Rickey from his contract.

"As Rickey is already in training he probably will not come South, but Griffith wants him to join the team when the season opens, as he is a young fellow and is good in the spring."

Newark and Granville people well remember Branch Rickey when he was with Ohio Wesleyan several years ago. He has made good in the big leagues.

SPECIAL

Dance Monday night from 10 to 11 o'clock. Music furnished by the Rink band. Dancing free to all skaters. Crescent Roller Rink. 11

GIRLS IN BASKET BALL MONDAY EVE.

There is every indication that there will be a big crowd at the girl's basketball game at the East Main street armory next Monday evening when the Juniors of the High school play the members of Senior class. Both teams are practicing each evening and the game Monday night promises to be full of excitement. Play will start promptly at 8 o'clock.

MICHIGAN TO STAY IN CONFERENCE

Ann Arbor, Mich., March 8.—The athletic board of control of the Michigan University decided Thursday night that Michigan shall stay in the western conference and the discussion is to be dropped. Michigan will not join the proposed Big Four. Michigan may play only five games of football each season with conference colleges, but the number of games with non-conference colleges is unlimited. The big games will be with Case, Ohio State, Vanderbilt and Pennsylvania.

TUBERCULOSIS IN LIVE STOCK

May Be Avoided if Test is Applied in Time Says the Board of Commissioners.

Columbus, March 8.—Some time ago the Board of Live Stock Commissioners received a request from a dairyman to test two or three cows of his herd composed of twenty-three animals. He stated that these animals coughed and were not doing well.

An officer of the board visited this farm, made an inspection of the herd and learned the following history: The owner was an old man and

had kept cows on his farm for about forty years, never adding new animals to his herd except its own progeny and occasionally a new bull. During all those years, until March, 1902, he had had no serious illness among his cows. Occasionally deaths occurred, but they were always from evident causes, such as milk fever, bloat, accidents, etc.

In March, 1902, he bought two cows at a sale. One of these animals was rather poor, but her condition was attributed to poor feed and care. The other animal seemed to be in good health.

After about three months cow No. 1 died. The exact cause of her death was never ascertained. About six months later cow No. 2 died; cause not ascertained.

During this time several new cows were added to the dairy by purchases, the owner desiring to build up a larger dairy herd.

About six months after the death of cow No. 2 a cow belonging to the original herd ceased doing well, began to cough and died.

Within the next two years, at irregular intervals, five additional animals began to fall; they ran down in condition and died.

The owner stated that all of these animals showed the same symptoms and that he believed they all died of the same disease. When the last animal died a veterinarian was called and requested to make a post mortem examination. He pronounced the disease tuberculosis. Three animals of the herd were at that time in an unhealthy condition and the veterinarian advised a tuberculin test on these animals.

The State Board of Live Stock Commissioners was appealed to to make the test.

After learning this history the owner was advised to have his entire herd tested, to which he agreed.

The result of the test may be told in a few words. Of the twenty-three animals then comprising the herd, twenty-two reacted to the test and were pronounced tubercular. Upon being questioned the owner stated that the twenty-third animal, the one that did not react, had been added to the herd just a few weeks before.

Where did the disease originate? There seems only one possible conclusion: it was introduced with the purchase of the two cows in March, 1902. From that time until the test was made, in the fall of 1905, a period of a little more than three years, a herd that averaged less than twenty-four animals during that time suffered a loss of eight cows through death, three animals evidently sick, and most of the other animals more or less visibly affected with the disease.

After the test all of the reacting cows were destroyed; autopsies on the carcasses proved the correctness of the diagnosis.

All of the condemned animals were appraised, averaging in value \$32.77. We can now figure out, without much trouble, what it cost to have tuberculosis in this herd for a period of three years. Assuming the value of the animals that died to be the same as the average of the herd, eight times \$32.77 gives us \$262.16, in addition to the loss of three animals in an advanced stage of the disease, and the balance of the herd, with the exception of a single animal, infected with tuberculosis.

All of this could have been avoided had the tuberculin test been resorted to in time.

With a Board of Live Stock Commissioners that will test dairy herds at the expense of the state, thus enabling the owner to detect the disease in its first stages when there is yet a possibility of saving the healthy portion of the herd, and with state laws that provide for liberal compensation for the loss of animals condemned by the Board of Live Stock Commissioners, what excuse has the intelligent dairyman for permitting disease to cut into his profits and to contaminate and make dangerous the milk supply of towns and cities?

The Knapp Felt Hat is the best. Sold in Newark only by E-2t EMERSON.

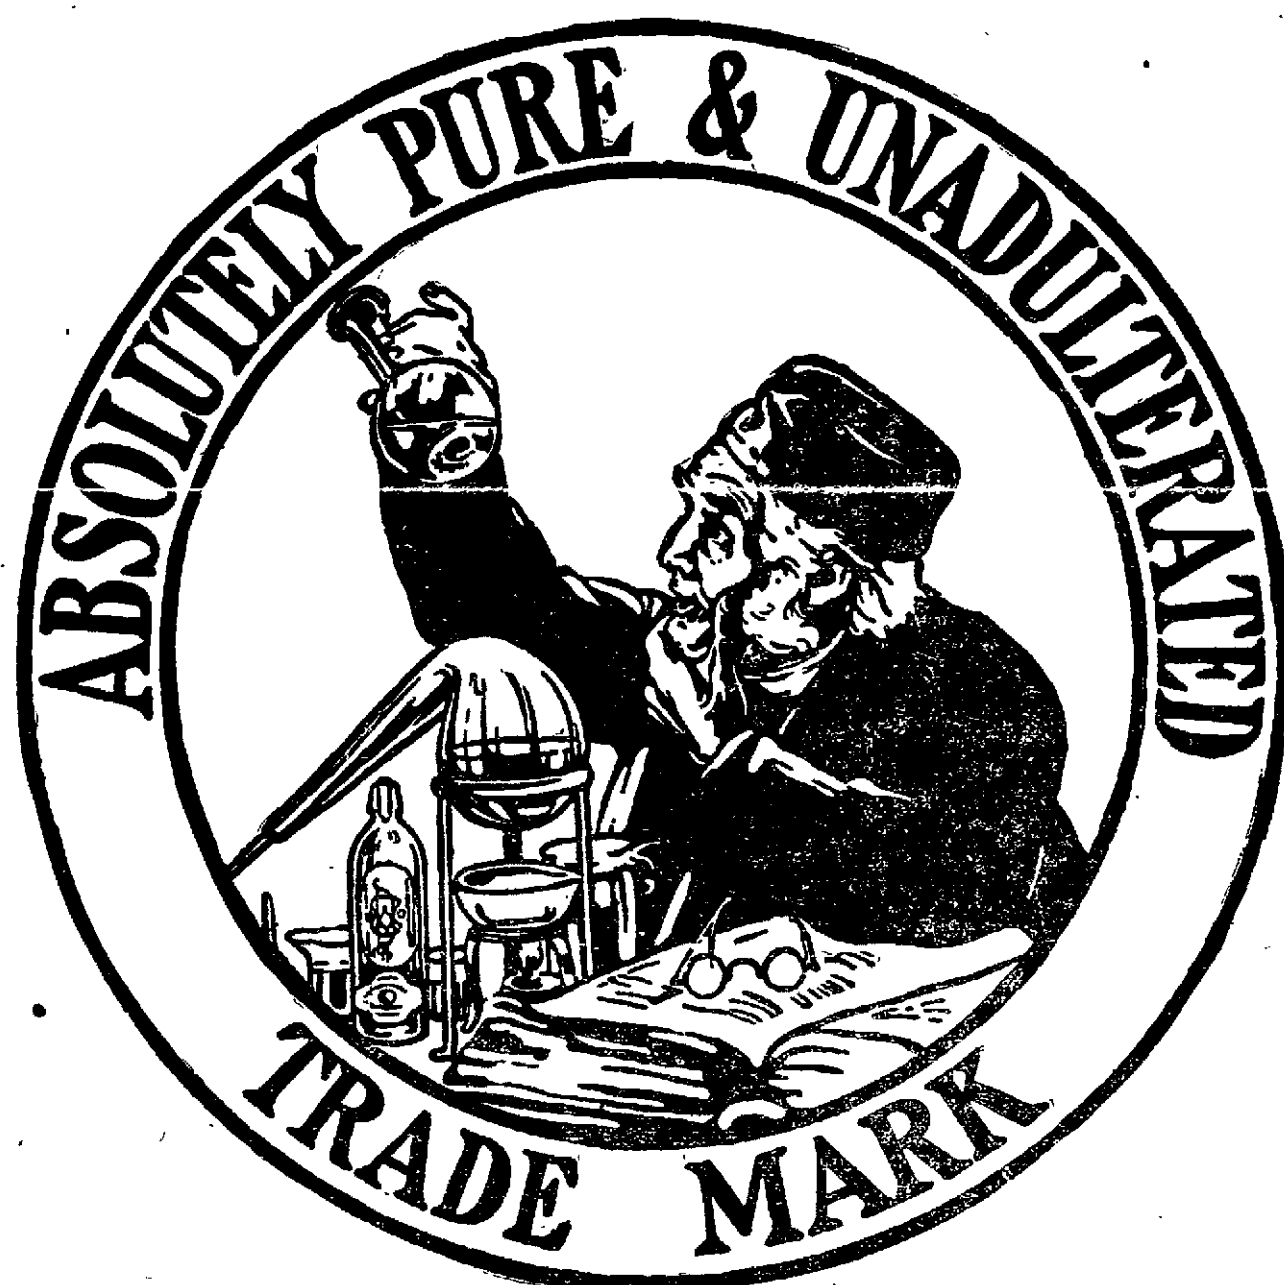

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

Cleveland Duck Hunting. Georgetown, S. C., March 8.—Former President Grover Cleveland, Commodore E. C. Benedict and Admiral Lambertson arrived in Georgetown from the north. The government launch Water Lily was in readiness at the railroad wharf and the party left for the shooting preserves of General E. P. Alexander, Ford's Point, Santee river, where the party will be while here. Mr. Cleveland looked to be in good health and spirits and he anticipates good sport at the preserves. The weather is propitious for duck shooting.

Fire at Kalamazoo. Kalamazoo, Mich., March 8.—Fire, which started in the Empire restaurant and destroyed the restaurant, damaged the Star Novelty store to an extent estimated at \$60,000, and for a time threatened the destruction of the Burdick hotel.

Two Ancient Tombs. Acona, Italy, March 8.—Workmen discovered two ancient tombs of extraordinary value and interest here, while excavating for the foundations of a hospital. These tombs date from the third century before Christ. They contained some beautiful silver vases

A Form of Food Already Digested

Duffy's Pure Malt Whiskey

A tonic-stimulant which keeps the old young and the young strong. It is invaluable for over-worked men, delicate women and sickly children. It cures consumption. Beware of cheap imitations and substitutes. They are dangerous. Guard against refilled bottles. Duffy's Pure Malt Whiskey is sold by all druggists, grocers and dealers, or direct, at \$1.00 a bottle. Doctor's advice and illustrated medical booklet sent free. Duffy Malt Whiskey Co., Rochester, N. Y.

WHAT IS THE CONDITION OF YOUR SEED CORN?

The time is at hand when each farmer should look well to the condition of his seed corn before the rush of spring work begins. A few hours spent now in testing the germination of individual seed ears may mean the prevention of the loss of many dollars and much time. Testing a sample of bulk seed after shelling and mixing is of little value, for one is then powerless to improve the quality of his seed by the rejection of the ears of low germination. He simply has to discard all or none, and generally does the latter. By testing each ear in such a way that one knows exactly how each ear behaves, the worthless ears can be rejected and the quality of the seed greatly improved. While the germination test is not a substitute for the ear-rov corn test, since ears which show equally good germination frequently vary widely in their ability to yield, yet it is great value in that it will weed out ears more or less injured as a result either of too late gathering of seed, or of lack of proper care in drying out, or both, and this will pay any corn grower many times over for the labor involved.

The Experiment Station does not believe in doing for the farmer what he can do for himself as well, or perhaps better, and hence it does not contemplate making an individual ear germination test for him, but will be glad to send full instructions for making the germination box and test, to such as apply.

In addition to this, the Station would like to study, both in the germination box and in the field, as many samples as possible of the seed corn that is to be planted in Ohio this spring. To all who care to assist in this matter full instructions for sampling and shipping seed samples will be sent. Address, Experimentalist, O. A. E. S., Wooster, Ohio.

About 150 whales are captured yearly. Each whale averages 2,000 gallons of oil.

GRANVILLE NEWS

Granville, March 6.—The annual Extra of Irving Literary society was held in the rooms of the society on Thursday evening, when the following program was carried out:

Invocation.
Essay, China's Ancient Form of Examination—C. Sweet.
Vocal Solo—Thomas Rees.
Declaration, The Unknown Speaker—A. Dale McMillan.

Oration, The Present Opportunities of the United States—Zo Brown.
Violin Solo—Paul Cleveland.

Story, A Thrust in an Unexpected Quarter—F. G. Smith.

Debate: Resolved that the Nation should own the Trusts. Aff. T. A. McEwan, Neg., R. M. Albaugh.
Piano Solo—Miss Marie Porter.
Sally—H. E. Lamson.

The debate was decided by the judge in favor of the negative.

Dwight Sanford and Owen Evans, employees at the pumping station, were the victims of an accident on Thursday that resulted in both receiving painful injuries. A water gauge burst, pieces of the flying glass striking him in the face. The injuries to both men, while not serious, were quite painful, although they were able to continue on with their work.

Mr. and Mrs. C. N. Brown of Elyria, O., have been visiting in Granville and vicinity for the past week.

Miss Hallie Simpson of Chillicothe, has returned home after a short visit with friends here.

The literary societies of Denison will have their regular meetings this evening. Good programs have been prepared.

For style and wear no hat can equal the Knapp Felt. Sold exclusively in this city by E-2t EMERSON, Cor. Third and Main.

S. M. Hunter. Robbins Hunter.

that

RHEUMATOL

IS THE BEST RHEUMATIC CURE ON THE MARKET.

It is a preparation made from the prescription of an old Michigan physician, a prescription brought to our store more than fifteen years ago, and since the death of that physician, we have taken the liberty of giving the public the benefit of his knowledge of the cure of RHEUMATISM.

MOREOVER, we know so positively, just what the remedy will do, that we offer and will return to you your money in the event that you are not cured for IT WILL CURE! ANY CASE OF RHEUMATISM.

Ernest T. Johnson
Druggist.

No. 10 Warden Hotel Block.

Is Your Boy or Girl Thin or Nervous?

Parents do not seem to realize the great importance of curing nervousness in their children. They call in a doctor for a cough or a cold, but nervousness does not strike them as being serious enough. It is. A thin, nervous child rarely develops into a strong, healthy man or woman. More often nervous conditions become chronic and the child becomes a life-long, delicate, nervous invalid.

You can positively cure nervousness in your child with

Rexall
America's Ellixir

This remarkable remedy supplies phosphorus in soluble form to the body, tones and quiets the nerves and brings them to a normal, permanently healthy condition. The first bottle will convince you of the genuine merit of this remedy. Your duty to your child should urge you to try it.

75 Cents Per Bottle

HALL'S DRUG STORE, Druggist

THE **Rexall** STORE

THE FAIRNESS OF THIS **Rexall** GUARANTEE will appeal to every parent. If Americanitis does not benefit your child, just bring us back your empty bottle and tell us so, and we'll promptly hand you back your money. That shows our confidence in this remedy. There's nothing dangerous about Americanitis. We'll give you the entire formula upon request.

NEWSY NOTES

All the latest and best books to be had at the Newark Circulating Library for the small sum of 5 cents per week. Everyone welcome. 11

U. S. W. V. Meeting. Sam Williams Camp, U. S. W. V., will meet this evening in regular session.

Masonic Meeting. A special meeting of Newark lodge No. 97, F. & A. M. will be held this evening to confer the Fellow Craft degree.

Two Drunks Fined. Two plain drunks were fined in police court Friday morning. One was Mrs. Jennie Richardson, who was wandering about the streets last night. Both were fined \$5 and costs.

Takes New Position. William McFarland, formerly foreman at the Swisher cigar factory, this city, has accepted a position with the J. F. Cherry company at Circleville, as foreman and manager of the large plant there.

Boys' Sunday Club. Next Sunday's meeting promises to be one of the best of the season. Rev. Grant Jones will address the club, and tell the boys about "The Boys of India," their games, work, hardships, diet, and pleasures, which will all be explained. The gymnasium Quartet will sing. No boy can afford to miss next Sunday's meeting. Remember the hour, 2:30 p. m.

Postoffice at the Lake. It is understood that a postoffice is to be established at Buckeye Lake next summer, from May 1 to October 1, for the convenience of persons from Columbus, Newark and other places, who occupy cottages at this resort during the summer months.

DEATHS AND FUNERALS

MRS. CLARK SHIRA. Mrs. Jessie Albert Shira, wife of Mr. Clark Shira, died at her home, 86 Mill street, Thursday afternoon at 3:30 after two weeks of illness from pneumonia. The funeral will take place at the house at 7 p. m. Friday and the remains will be taken to Fredericktown on the morning B. & O. train for burial.

The deceased leaves besides her husband and parents, Mr. and Mrs. L. M. Cutnaw of Fredericktown, four children, Lowell, aged 12 years, Creatis, 10, Melvin 8, and Luther 6, and four sisters and two brothers, all residing in the vicinity of Mt. Vernon.

The deceased was a most faithful member of the Second M. E. church. The Rev. L. C. Sparks will conduct the funeral services.

MR. HANSBERGER'S FUNERAL. The funeral of the late J. W. Hansberger, the esteemed dry goods merchant of this city who passed away at his home, North Fifth street, at 2:30 p. m. Thursday, will take place at the home Saturday at 2 p. m., the Rev. L. C. Sparks of whose church the deceased was a faithful member, officiating. Interment will be made in Cedar Hill cemetery.

Mr. Hansberger was born in Sandusky county, O., March 23, 1862, and at an early age became engaged in the dry goods business which he followed so successfully for the remaining years of his life. On Thursday, June 4, 18— he was united in marriage to Miss Orpha A. Alt, in Baltimore, O. To them were born the following children, who, with their mother, remain to mourn the death: Eula J., DeVitt, and Loren Alt. For a number of years Mr. and Mrs. Hansberger resided in Baltimore.

From there they removed to Columbus Grove, O., where they resided for five years prior to coming to this city 15 years ago.

Mr. Hansberger has always been kind, generous and a substantial support to the community in which he resided and to the city at large, and his death is mourned by an almost innumerable host of friends.

MRS. REBECCA NEVIOUS. Mrs. Rebecca Nevious, aged 89 years, died at the home of her sister, Mrs. Ryan, near Hanover, Friday morning at 1 o'clock. The remains were brought to the home of Mrs. Ida Brown, 277 Buena Vista street, from where the funeral procession will leave for Cottage Hill at 8 o'clock on Saturday morning. The funeral will take place at the Euclid chapel at 11 o'clock.

There remain six daughters, Mrs. Brown, of this city, being one of them. Death was due to heart disorder.

MRS. NANCY MELICK. Bladenburg, O., March 8.—Mrs. Nancy Melick, aged 81 years, died at her home here Thursday afternoon at 2:30 as a result of paralysis. The funeral will take place Saturday at 10 o'clock, the Rev. Mr. Snyder of Howard, O., officiating. The deceased leaves two daughters, Mrs. Hatlie Hamill of Lincoln, Neb., and Mrs. Louisa Hall of near this place.

MRS. GUNDER'S FUNERAL. Kirkersville, O., March 8.—The funeral of Mrs. Alice Gunder who succumbed here Thursday as a result of worry over the suicide of her 22 year old daughter, Minnie, which occurred about 12 weeks ago, will take place from the Gunder home Saturday at 1 o'clock, the Rev. D. C. Kite conducting the services. Interment will take place in the Kirkersville cemetery.

CHARGES FOR OBITUARIES AND CARDS OF THANKS.

Readers will kindly take notice that there is a charge of five cents a line (six words to the line) for all obituaries exceeding 15 lines, (90 words). We print all obituaries less than 15 lines in length free of charge. Cards of thanks we charge five cents a line (six words to the line). The minimum charge for card of thanks is 25 cents.

Rock Island Train Wrecked. Topeka, Kan., March 8.—Chicago, Rock Island & Pacific passenger train No. 28, from Denver to Chicago ran through an open switch just west of the Topeka yards and five cars and the locomotive were derailed. The derailed cars plunged into a sandbank and did not turn over. About 20 passengers and employees were bruised. The only car that remained on the track was the diner.

Voted to Recall Bill. Lansing, Mich., March 8.—The state senate voted to recall the bill passed Wednesday preventing the consolidation of the Calumet and Hecla, Algonz, Centennial and Osceola. The house, however, refused to permit it, and passed the bill under suspension of rules, 74 to 12. Governor Warner, before signing or vetoing it, will give a delegation from Calumet an opportunity to be heard in opposition at Detroit on Saturday.

Italy's Fleet. Naples, March 8.—In addition to the cruiser Varese, Italy will send the battleships Benedetto Brin and Regina Elena to attend the Jamestown exposition in April.

There are 39,202 postoffices in the German empire.

ABOUT PEOPLE

Short Personal Items Gathered During the Day.

Mr. F. L. Connor, Columbus was in the city Thursday.

Mr. P. L. Pratt left Thursday night for Pittsburgh on business.

S.S.S. OUR RECORD

The value of S. S. S. as a blood purifier has been thoroughly proven by its forty years of successful service in the treatment of blood and skin diseases of every character. It is the best known and most generally used blood medicine on the market today, because in the forty years of its existence it has not disappointed those who have used it, and as a result of its universal success in curing disease it has made friends EVERYWHERE.

It has been on the market for forty years, and its record in that time is one of which we are justly proud—it is a record of forty years of cures. As a remedy for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all diseases arising from an impure or poisoned condition of the blood, S. S. S. has no equal. It goes into the circulation and thoroughly cleanses it of all impurities and makes a complete and lasting cure of these troubles and disorders. It furnishes weak, polluted blood, rich, health-giving and health-sustaining qualities, and as this pure, fresh stream circulates through the system, all parts of the body are invigorated and made strong and healthy. S. S. S. is the only blood medicine on the market that can claim absolute freedom from minerals in any form. This great medicine is the product of nature's forests and fields, and is made from the healing, cleansing juices and extracts of roots, herbs and barks. It is, therefore, in addition to being a certain cure for blood troubles, an absolutely safe medicine for young or old. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth and ability by its forty years of cures. If you need a blood remedy begin the use of S. S. S., and write our physicians and they will send you a book concerning your trouble, and will give you, without charge, any medical advice.

Robert Tomes, Eastern Representative.
Chicago Office—361 Journal Building, C.
W. Wells, Western Representative.

March 8 in History.

1799—Simon Cameron, statesman, born in Lancaster county, Pa.; died 1883.

1844—Karl Johann Bernadotte, French soldier and king of Sweden, died; born 1764.

1865—Famous naval encounter in Hampton Roads. The Confederate ironclad ram Merrimack played havoc with the wooden Union fleet.

1867—Henry Ward Beecher died in Brooklyn; born in Litchfield, Conn., 1813.

1869—John Ericsson, builder of the Monitor and noted inventor, died in New York; born in Sweden 1803.

1887—Mrs. Henry Ward Beecher died at Stamford, Conn.; aged 83.

1905—Gabriel Jules Thomas, noted sculptor, died in Paris, born 1821. Kuropatkin abandoned his lines south of Mukden.

General Sherwood.

General Isaac R. Sherwood, Congressman from the Toledo, O., district, who has been in the city for the past two days, is receiving the congratulations of his many friends here over his election to Congress last fall in an overwhelming Republican district. General Sherwood's election last fall marks his return to Congress after an absence of over thirty years, he having been in Congress in the early seventies. Only one member is still remaining in Congress who was there when General Sherwood was in the House before, and that member is Speaker Joseph Cannon. Gen. Sherwood, who has the best interests of all his constituents at heart, is an exceedingly popular man, and it is the general desire of Democrats all over Ohio that he become the Democratic candidate for governor next year, but up to this time the General has not signified his willingness to accept of the honor. General Sherwood is a very able man, thoroughly honest and deservedly popular, and would certainly make a strong candidate for governor or anything else.

450,000 Souls in Famine Camp.

Collier's for March 9 carries a large double page photograph of the most wretched camp in the world. In describing this picture of darkest Asia it says:

At Tsin-Kiang-Pu, on the Grand Canal, is the southernmost camp of the huge, hungry horde that is fleeing from the famine districts of Central China. More than 40,000 square miles in the rich dike-protected provinces of Kiangsu and Anhui have been stricken by floods. Rain fell incessantly for one hundred days, breaking the dikes and ruining the crops; 10,000,000 people have left their homes and traveled to concentration camps near the cities. A visitor to Tsin-Kiang-Pu writes:

"I saw a huge swarm of little mat-huts, of a shape like the tilt of a traveling wagon. They shelter families which number anywhere between five and twelve persons. About these shelters were gathered a crowd whose appearance beggars description. They sat in the sun and scratched and scratched; they squatted over their pots of every shape in which the handful of rice which forms their daily ration was cooking; they rambled here and there, their eyes on the ground looking for anything edible or burnable. Cold as it was, the camp reeked. But filthy and ragged though they were, you realized that they were human beings—to be cared for somehow.

"Famines in China have occurred with monotonous frequency. They have hardly been noted. They are

Hood's Sarsaparilla

Liquid or tablets, 100 Doses One Dollar.

part of that great country's tragedy. While millions have died in famine camps, such as this, and now lie rotting on every country hillside, four hundred millions of China's people still live in the fiercest competition for the bare means of supporting life."

Setting the Golden Eggs.

(Saturday Evening Post.)

Net earnings of the United States Steel corporation last year, "after deducting the cost of ordinary repairs, renewals and maintenance of plants, and interest on bonds, and fixed charges of subsidiary companies," amounted to the tidy sum of \$156,619,111. Interest and sinking fund requirements on the corporation's own bonds took \$29,651,914 and the residue was equal to rather over thirty-five per cent. on the only outstanding stock of the corporation that has any basis in tangible values. After paying the stipulated seven per cent. on that stock there remained \$101,747,521, or substantially twenty per cent. on the \$508,302,500 of common stock, which is all water.

The management might, therefore, have committed the folly of paying a twenty per cent. dividend on this stock, which would have seriously embarrassed its stand-pat tariff friends. But it was much wiser. It charged off from the net earnings \$78,753,876 for special improvements, replacements, reserves and new construction. It is building the immense new plant at Gary out of earnings. Out of earnings, also, other plants are being greatly enlarged.

Presidents these new mills will be making profits—particularly if there is no injurious "tinkering with the tariff." Those profits will go in dividends to the holders of the half billion common stock. And the trust will say: "See how many hundred million dollars we have spent in building these mills! Shall we not have a fair return upon our capital?" If anybody objects that the hundred millions were graft derived from the tariff and pool arrangements that monopolize the market at home, the trust will reply that the objector is a demagogue.

Meanwhile the trust pays only very modest dividends on the common stock. It will not kill the goose that lays the golden eggs. It will not even suck the eggs. It thrifflily tucks them all back under the grand old mother-goose of the tariff to be hatched into whole broods of golden goslings.

Accidents will happen, but the best-regulated families keep a Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

DEMAND FOR ROOMS.

There is quite a demand for furnished rooms over the city and a great demand for rooms in favored locations such as close to the square, and in touch with the various factories. The prices for these rooms are naturally based on the law of supply and demand, and the expenses incurred in maintaining the same, and both sides of the question should be carefully considered by both the lessor and the lessee. The price of gas for heat, increased valuation of property, attendance, and the modern conveniences that are demanded nowadays, are all factors of expense that were not demanded a few years ago, and parties wanting to rent should bear these in mind when they seek quarters.

On the other hand landlords should should be as conservative as possible in their figures as excessive charges drive good, steady, paying parties away from the city.

You can not get something for nothing, so when you are seeking quarters, or desirous of renting rooms, try and put yourself in your thoughts, in the other fellow's place, and you will arrive at about the correct conclusion as to what can be afforded, and always advertise anything you have need for in the Want Columns of the Advocate, for they are sure to bring results.

The British Medical Journal wishes to know why people can sit out a play in a theater without coughing and cannot do the same in the case of a sermon in a church.

CHARLES BADER HUMANE OFFICER

Has Called Upon the Man in West Newark Accused of Cruelty to Hoses.

Regarding the Advocate's statement of Thursday concerning the starving condition of a team of horses owned by a man residing at the corner of Grant and DeCrow avenues, West Newark, it was learned that Humane Officer Charles Bader has called upon the man in question on a number of different occasions concerning similar offenses. It seems that the owner of the team is either careless with the animals or unable to provide a proper amount of feed for them. Instead of them being supported by harness as stated Thursday, the animals are kept standing by means of chains placed under their bodies.

Newark has the basis for a good humane society and such an organization should be properly supported. Other cities of Newark's size have them and pay them well for the duties they perform. Columbus' Humane Society is considered an important branch of the city government, and two special officers are employed at a salary of \$100 per month each. If each citizen would make it a business to report such cases to the society that the city has already has there would be less cruelty to dumb animals in the city.

Rockefeller Must Appear.

St. Louis, March 8.—Under a decision rendered in the United States circuit court for the eastern division of Missouri, the Standard Oil company and co-defendants in the government suit charging a combination in restraint of trade must appear for trial in St. Louis. This applies to John D. Rockefeller, Henry H. Rogers, Henry M. Flagler, the Waters-Pierce Oil company, to each and every one of the individuals and 70 defendant corporations forming the Standard Oil company of New Jersey and its auxiliaries. The decision says that "the Waters-Pierce Oil company is a conscious and active party to the entire conspiracy."

FOOD POISONS

90 Per Cent of All Diseases the Result of Undigested Putrefying Foods

Men of affairs, women of society and children with active brains are too often sedentary in their habits, giving little time to exercise. To this evil is added that of high and irregular living—as a result, the stomach cannot stand the demands made upon it. The abused and overtaxed stomach does not properly do the work of digestion, food taken in ferments and the poison permeates the whole system. The body loses in weight and becomes a prey for the attack of whatever disease it may encounter.

Did it ever occur to you how busy that stomach of your is? It only holds three pints, but in one year you force it to take in 2,400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked. We crowd it with steaks and pastry, irritate its juices with spices and acids, and expect the stomach to do its work. It can't do it.

All over the inner layer of the stomach are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more the food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining.

Think of the tons of high-seasoned game, sweetmeats and appetizers crammed into this little four-ounce mill, and then wonder, if you will, why you are dizzy or nauseated or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bedtime. They are not a medicine, but a digestive. Your stomach is worn out and needs help, not medicine. Stuart's Dyspepsia Tablets will do the work that the stomach fails to do. There's enough power in one grain of Stuart's Dyspepsia Tablets to digest 3,000 grains of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested.

Stuart's Dyspepsia Tablets will rout the poison because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health. Seize your opportunity before worse conditions confront you. Send today for a free trial package of Stuart's Dyspepsia Tablets. They will bring your stomach relief. F. A. Stuart Co., 83 Stuart Bldg., Marshall, Mich.

HOW YALE MEN SPEND THEIR CASH

New Haven, Conn., March 8.—The expenditures of students at Yale University are set forth in statistics gathered by Professor William E. Bailey of the Department of Political Economy.

He finds that the average amount spent by students working their way through college is \$292.30. The largest group spend between \$500 and \$1,000 while only nine spend over \$2,000. The man in the \$500 group spends six per cent. on clothes, while it is twenty-five per cent. with the man who spends more than \$2,000 a year.

The wealthy students spend more on intoxicants than on tobacco, and liberally patronize the theatres, and spend eighteen times as much on pleasure and eighty-two times as much on tobacco and intoxicants as the poorest students.

The first Derby made in America was a C. & K. Knapp Felt Hat and is made in a variety of exclusive C. & K. designs, which cannot be found in any other make. See the different styles at

Issue at The Hague.

Brussels, March 8.—It was learned here that among the issues to be raised at the next peace conference at The Hague will be the question whether a neutral power should permit a belligerent, violating its territory, to utilize railroad material belonging to it, and whether or not a neutral power may utilize such material brought by a belligerent into its territory.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of J. C. Ayer & Co.

PUBLIC SALE

I will offer at public auction on Saturday, March 9, 1907, at 1:00 o'clock, p. m., at the southeast corner of the Public Square, in Newark, Ohio, territorial rights in the LUCAS PATENT CISTERN, CATCHBASINS and CESSPOOL MOLDS. Patents numbered 809199 and 820224.

Sale will be made to the highest bidder without regard to price.

The State of Ohio, to be disposed of by counties. Terms of sale—\$10.00 cash on the day of sale, \$10.00 on delivery of deed. Second payment to be made within 30 days. Balance in notes, due one year from date without interest. The Lucas Molds are the most successful molds on the market today. They have no equal.

Easy to take down; easy to set up. No occasion for repairs of any kind. Not a set screw, tap or bolt in the whole mold. Forms will be set up on day of sale. Comparison with any other mold challenged.

The use of these molds in the making of cisterns is no experiment. Thousands of cement cisterns are now in use throughout the Central States. Cisterns made with these molds give perfect satisfaction. I will also offer for sale on same day my cistern business in the City of Newark and town of Utica, and will turn over to the purchaser all orders now on hand, together with the good will of one of the best established business in Central Ohio. One cesspool form, three cistern forms, and one steel mortar box to be included free of charge to the purchaser of the Newark plant.

To be sold for cash or well-secured notes. Accounts for the last three years open to inspection of anyone interested. This will be a great opportunity for a man with a small capital to purchase a good business at a reasonable figure.

You cannot afford to miss the opportunity of obtaining one of the most valuable patent rights in America, at your own price. For further information address,

W. H. LUCAS, 187 Buckingham St., Newark, Ohio.

Try Advocate Wants, Best Results

If You Don't Get Good Cigars Now, It's Your Own Fault

All you have to do is to stand up like a man and ask the dealer for cigars identified by the "Triangle A" on the box.

Nothing else.
Nothing easier.
Nothing sorer.

When you say "Give me a 'Triangle A' cigar," you are absolutely as certain of getting quality, and the same quality every time, no matter which particular brand you select, as if you had your cigars made up to order.

We have succeeded in building up a fifteen per cent. share of the entire cigar business of this country. In the face of the keenest competition, take notice. You know well enough that there's only one way we could have done it:

Simply by making better cigars of every grade than any other manufacturer has produced and telling the truth about them.

And by making the strongest definite claims that any cigar manufacturer ever dared to make, and living up to them.

The one reason why we started

If you have been buying your cigars by guess-work and want to put our claims to a most practical test, just take a new start. Begin by smoking one of the best-known of all the brands that are sold under the guarantee of the "Triangle A"—

The New CREMO

Compare it fairly with any cigar sold at the same price that carries no "Triangle A" guarantee—you won't fail to see why we are so confident of your co-operation as soon as you realize just what the "Triangle A" stands for.

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red. The cigars are kept clean, fresh and in perfect smoking condition until the box is opened.

AMERICAN CIGAR COMPANY, Manufacturer

in marking our boxes with the "Triangle A" was to enable you to shut down sharp on the common hit-or-miss way of buying cigars on somebody's say-so, and make your selection with your eyes open.

It would be worth your while to take all sorts of trouble in order to obtain "Triangle A" brands—but you don't have to bother—you can get them anywhere.

It's up to you to ask for them.

Practically every dealer in the United States carries them.

Do your part!

Give yourself a square deal!

This "Triangle A" merit mark identifies the product of the most modern improved methods and scientific processes of cigar production, and represents a standard of quality far superior to that which the same price could heretofore purchase.

SCANDAL

IN LONDON INVOLVES AN AMERICAN SECRETARY OF LEGATION

And Pressure is Being Brought to Have Him Resign—Echo of the Thaw Trial.

London, March 8.—Reference made today by the society newspaper, The Throne, referring to the fact that a secretary of one of the imperial embassies in London had been involved in a great scandal and calling on him to resign his post, has caused a sensation here.

While no name is mentioned in the article is generally understood to refer to the unnamed secretary of the American embassy who Evelyn Thaw testified had annoyed her mother in London in 1902.

It was to make this man stop his annoyances that Evelyn declared the cablegrams were sent to Stanford White from Bologna asking him to use his influence to see that Mrs. Nesbit was let alone. Under the heading "an embassy scandal" The Throne says:

"The association of the name of the secretary of one of our most important embassies with a great social scandal cannot be allowed to rest. Neither the king of England nor the head of this man's country can allow such conduct to be tolerated, no matter how rich and influential his mother may be.

"That a man acting in an official capacity should so take advantage of his position and go unpunished is enough to make every father, mother and husband shudder.

"The great colony among us to whom this man belongs, knows his name and it is for him to recognize his position and go home. If he does not his ambassador must act, and if the ambassador hesitates, his master should withdraw him. It is idle to suppose the matter will blow over."

The population of Prussia has increased by about five million since 1897. It is now nearly 38,000,000.

BONILLA

SAID TO BE PERSONALLY LEADING AN ARMY PURSUING THE NICARAGUANS

Another Important Engagement Expected to Occur Shortly Between the Armies.

San Salvador, March 8.—Another important engagement between Honduran and Nicaraguan troops is expected shortly following the arrival of advices today stating that President Bonilla, of Honduras is personally leading an army pursuing a scattered force of Nicaraguans. Today's dispatches put a different light on the fight near Namasiquo. Yesterday it was reported that the Nicaraguans had won a victory. An authentic message from Choluteca sent by President Bonilla, shows the Hondurans really won a victory, drove the enemy from the field and captured a number of prisoners in addition to considerable arms and ammunition. As a Nicaraguan army is reported to be in that neighborhood, a general fight is expected.

President Zelaya, of Nicaragua, has issued a violent proclamation against Honduras, Guatemala and Salvador. The national assembly here has decreed Salvador in a state of siege, so that it will be prepared to meet any emergency.

ENGAGEMENT FOUGHT

Managua, Nicaragua, March 8.—It is reported here that General Manuel Bonilla, the president of Honduras, personally led his forces in the attack Wednesday on the Nicaraguan positions at Namasiquo, in Honduras. The Nicaraguan forces were routed and many Nicaraguans were either killed or made prisoners. Nicaraguan forces captured the Honduran position at Tugare after a hard fight. In this engagement many Honduran prisoners were taken. Tugare is not far from Choluteca, the strongest position held by the Honduran troops.

Declared in State of Siege. San Salvador, March 8.—The national assembly decreed the republic of Salvador to be in a state of siege. President Zelaya of Nicaragua has issued a violently worded proclamation against Honduras, Guatemala and Salvador. Previous reports that the Honduran troops are trapping over the Nicaraguans have been confirmed.

RELIABLE INFORMATION

ABOUT A RELIABLE MEDICINE

We want the people of Newark to know that we believe the most valuable cod liver preparation—the best tonic reconstitutor, health restorer and strength creator known to medicine today is Vinol.

Vinol is not a patent medicine as everything it contains is named on the label of every bottle. We guarantee Vinol contains besides tonic iron all of the medicinal, curative, and body building elements of cod liver oil actually taken from fresh cods' livers, but without one drop of the useless oil to clog the system, upset the stomach and retard its work. This is why Vinol is so far superior to old-fashioned cod liver oil and emulsions.

Vinol is actually guaranteed by over five thousand leading druggists of the United States to create health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness, and for hacking coughs, chronic colds, bronchitis and all throat and lung troubles.

Try Vinol on our guarantee. Frank D. Hall, Druggist.

NOTE—While we are sole agents for Vinol in Newark it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

known heirs or devisees of said above named defendants, or the unknown heirs or devisees of such unknown heirs or devisees whose places of residence are unknown, will take notice that they have been sued by the City of Newark, State of Ohio. That the object and prayer of said petition is to quiet the title of plaintiff to the following described real estate:

Situate in the State of Ohio, county of Licking, and in the City of Newark, and being in the fourth quarter of the second township and twelfth range, U. S. M. Lands, being a part of what is known as "The Old Grave Yard," in said City of Newark, Ohio, and being more particularly described as follows:

Beginning at a point on the south line of Church street about one hundred and seventeen feet west of the point where the west line of Sixth street crosses the south line of Church street, thence in a southeasterly direction along the west line of the land formerly owned by John R. Crane and Harriet B. Crane to a point where the west line of Sixth street crosses the north line of West Main street, thence west along the north line of West Main street two hundred and forty-five feet more or less, thence north along the west boundary line of said "Old Grave Yard" and the east boundary line of the property formerly owned by Michael Morath to the south line of Church street, thence west along the south boundary line of Church street to the place of beginning.

Said defendants are required to answer on or before the 27th day of April, A. D. 1907.

The City of Newark of the State of Ohio, Plaintiff, by
FRANK A. BOLTON,
City Solicitor.

JUVENILE COURT HEARS EVIDENCE

AND SENTENCE CHILDREN TO THE LICKING COUNTY HOME

But Gives the Father a Chance to Get Work and Properly Provide For Them.

A petition was filed in the Probate juvenile court by Dr. C. F. Legge, probation officer, charging that Hazel Ruby, Louise R. and Frank King, children of Stanley King, aged respectively 11, 10 and 9 years, were neglected children within the terms and definitions of the Licking county law. The father is a widow, his wife having died two years ago and lived on Maiden street, in the East End with his children. The specifications of neglect charged were that the children were not properly fed and clothed, were not properly cared for and were not sent to school. The evidence showed that the family, the three children and the father, were living in a very squalid condition in a small tenement in the East End and that the old child, aged 11, was kept in the house and doing the washing, and that the children were not going to school. It was also shown that the King's Daughters had furnished food and clothing for the children at different times. The father put up a strong plea that the children should not be taken from him, saying that he had had a hard time, lost his property and had been unable to obtain work. He said that he had a prospect now of getting a good situation in the country. Probation Officer Mrs. Swan stated that she was satisfied that he could obtain a place to work in this city. The court decided that he would order the children committed to the County Children's Home but would suspend sentence for a week in order to give the father an opportunity to get a suitable house, employment and a competent woman as housekeeper and send the children to school. Upon

THAT PAIN IN THE SIDE

There's nothing that will give such speedy relief and cure, and at the same time strengthen the side and restore energy as an

Allcock's PLASTER

A pain in the right side, however, is often caused by thickening of the bile, which may lead to gall stones. The best treatment is to wear an Allcock's Plaster as shown in the illustration, until cured. You'll be surprised to find how soon you are relieved.

REMEMBER—Allcock's are the original and genuine porous plasters—the Standard External Remedy. Made of absolutely the purest and best materials and Guaranteed under the Pure Food and Drugs Act, June 30, 1906. Serial No. 385.

For Constipation, Bilelessness, Headache, Dizziness, Indigestion, etc., take

Brandreth's Pills

A Laxative and a Blood Tonic. Established 1752.

Each pill contains one grain of solid extract of sarsaparilla, which, with other vegetable products, make it a blood purifier of excellent character.

Slender Case.

OHIO RAILROADS GIVE NOTICE OF RATE INCREASE

ADVANCE OF FIVE CENTS PER
TON ON ALL COAL CARRY-
ING ROADS

THE GERMAN-IRISH ALLIANCE

Grand Officers Elected by Heptasophis
—Fell on a Stove—News from
Over Ohio.

Columbus, O., March 8.—The Ohio coal-carrying roads gave notice of an advance of 5 cents a ton in rates on coal for lake traffic and for railroad fuel. The rates will take effect April 1. The coal operators say the advance in railroad rates will be met by the addition of 5 cents a ton to the price of coal.

Elected Officers.

Ironton, O., March 8.—The Grand Conclave of Heptasophis, or Seven Wise Men, of Ohio, concluded its sessions here. The next meeting will be held at Athens the next Tuesday in March. The following grand officers were elected: Archon, Richard Poole of Glen Roy; provost, C. V. Straun of Athens; prelate, Clancy Graham of Ironton; herald, W. H. Cooper of Wellston; chancellor, John Jeffords of Wellston; warden, Andrew Deck of Jackson; sentinel, George H. Bobb of Athens; scribe, William Beatty of Wellston; treasurer, Edward Kurtz of Ironton.

Widow Ends Life.

Piqua, O., March 8.—Two years ago Samuel Behm, 80, was killed in Piqua by a traction car. His aged wife, Margaret, since that time has been lonely and forgotten and even her own children failed to cheer her. This loneliness was ended when she took her life in a Dakota village by hanging in order, as her friends say, to be with her husband. News of her tragic death has just been received here.

Prize Winner a Witness.

Cincinnati, O., March 8.—Attaches of the secret service are in this city looking up witnesses in the Honduras lottery cases, which will soon be tried in the federal courts in Louisiana. A man named Kent, employed as cashier in a local clothing store, is said to have won a prize of \$7,500 on a 50-cent ticket, and he has been compelled to make deposition as to his dealings with the concern.

With Butcher Knife.

Springfield, O., March 8.—William Linebaugh, a farmer, living near Tremont City, was stabbed in the abdomen with a butcher knife in the hands of his stepson, Walter Paden, 19, after he had chased the boy over the farm with a shotgun. The quarrel started, according to the boy, when Linebaugh abused his wife, her son taking her part. Linebaugh's wound is serious.

To Make Improvements.

Columbus, O., March 8.—The Indiana, Columbus & Eastern is preparing to make extensive improvements on the Columbus & Springfield division during the coming summer. Contracts will be let soon for the London cut-off, which will shorten the distance between Springfield and Columbus seven miles.

Fell on Stove.

Mr. Vernon, O., March 8.—William Fockler, 10, residing at Greenville, was terribly burned by falling on a stove while suffering from an epileptic fit. The boy was home alone and was standing on a chair near the stove when the fit seized him. Physicians say he can not recover.

Toledo to Defiance.

Columbus, O., March 8.—The Toledo & Defiance Railway company of Toledo was incorporated with a capital

STREET SUIT FOR SPRING WEAR.

The accompanying design is an excellent model either for lightweight cloth, voile or linen, the model costume being in pale gray voile over white taffeta. The little Eton coat was trimmed with overlapped sections of the cloth, and small buttons to match. The Eton was cut to show the high girdle across the back and sides, but curved down to form two deep points in front, these points being finished with silk tassels. The little

stock of \$10,000 by Clem V. Wagner and others. The company proposes to build an electric road between Toledo and Defiance.

Assault the Charge.

Elyria, O., March 8.—The jury in the case of Edward Rothfuss, charged with assaulting Florence Bins, a 15-year-old Amherst girl, returned a verdict of guilty.

WESLEYAN WINS DEBATE.

Gambier, O., March 8.—The debate here last night between teams representing Ohio Wesleyan university at Delaware and Kenyon college of this city, was won by the visiting team. The question was: "Resolved, That a progressive inheritance tax should be levied by the federal government, its constitutionality being conceded."

The judges were Judge Thomas M. Bigger, Marcus G. Evans and Charles M. Rogers, of the Franklin county Common Pleas court. The judges voted two to one in favor of the Ohio Wesleyan team.

Kenyon was represented by L. K. Riley, H. W. Patterson and R. C. Sykes. Wesleyan's interests were cared for by E. R. Shaw, W. J. Welby and O. A. Steem.

BIDS RECEIVED FOR

WORK ON OHIO CANAL.

Columbus, March 8.—The state board of public works has received bids for the work to be done on the Ohio canal from Akron to Dresden. They were turned over to the engineers for tabulation.

Because of the many bids received and the immense amount of work involved in properly tabulating and comparing them, no contracts will be

vest was of cream-white cloth and was trimmed with bands of the same, embroidered in Oriental colors. The small rolling collar was of satin, a few shades darker than the cloth. The sleeves were in three-quarter length and were trimmed with cut sections of cloth to match the coat, and little inner bands of the Oriental embroidery. The skirt was plaited and trimmed around the lower part by stitched folds of the cloth.

let until next Wednesday when the subject will be again taken up.

AGED PRIEST IS DEAD.

Columbus, O., March 8.—Rev. J. G. Venneman, a veteran priest of the Roman Catholic church, died at 7 o'clock last night at the Rodebaugh sanatorium in West Buttes avenue. He was 73 years old. He had been unconscious since Monday. The body will be taken to Evansville, Ind., his former home, where all his relatives live, for burial.

ALLEGED MURDERER RELEASED

Martin's Ferry, March 8.—Probate Judge Cochran Thursday released on \$5000 bail Deputy Game Warden J. T. Borham, charged with the murder of Harry Goff. The court held that the evidence is insufficient to sustain the first degree murder charge. It is said other charges will be preferred against Borham.

GLASS WORKS TO CLOSE.

Barnesville, O., March 8.—Notices have been placed on the two glass factories that they would close down on or before the 16th. Many of the glass workers have wired to other places for positions and but few will remain in the town.

OLD DRILLERS TO BEGIN WORK.

Zanesville, O., March 8.—The stock holders of the new Zanesville Oil and Gas Supply company which has holdings in Noble county, that it expects to develop for oil and gas, has organized as follows: President, C. H. Jones; vice president and general manager, J. W. Kropp; secretary and treasurer, C. P. Worrell. The other

members of the board of directors are S. H. John and W. E. Helmick. The company has made arrangements with Bolland & Higgins, experienced drillers of Utica, O., to put down the first test well, work upon which will be started March 20.

MRS. MARY MONROE.

Lock, March 8.—Mrs. Mary Monroe, a former resident of this place, died at her home in Gallon, Wednesday. She was 83 years of age and is survived by four children.

EDITOR ALDERMAN

TO STAY IN MARIETTA.

Marietta, O., March 8.—The announcement that A. D. Alderman is to be a candidate for the nomination for a member of the house of representatives from Washington county, was unexpected news to the friends of the Marietta editor. Mr. Alderman has disposed of his interests in his newspaper in Marietta and it was supposed that he was seeking a location elsewhere. The fact that he is to remain in Washington county, however, indicates that he is to take a hand in politics in the Fifteenth district, now represented by B. G. Dawes, of this city.

Initiative and Referendum.

Columbus, O., March 8.—Rev. Herbert S. Bigelow will spend all of next week in Columbus in the campaign which he is waging for the initiative and referendum. Mr. Bigelow is secretary of the Ohio Direct Legislation league. He will address meetings in various parts of the city.

Verdict in Campbell Case.

Marietta, O., March 8.—The jury found Harry Campbell guilty on a charge of shooting Jesse Wallace with intent to kill. The men figured in a fight Oct. 8 last year, in which Wallace received severe injuries.

Strike at Lorain.

Lorain, O., March 8.—Between 350 and 400 men went on a strike at the yards of the American Shipbuilding company. They want the eight-hour day and a general increase of 10 per cent in wages.

Irish and Germans Unite.

Cincinnati, O., March 8.—An alliance between the German and Irish-American societies and leagues will be formed here. Those behind the movement are very much in earnest. The motive, they say, is to counteract any tendency toward an alliance between Great Britain and America. The interests of the Irish and Germans are identical in this matter. One of the immediate results of the harmony of the races will be shown at the coming St. Patrick's day celebration, in which all the German societies will take part.

LEARN TO SKATE.

At the Crescent Rink Saturday afternoon. Special attention given to beginners. Admission free. Skates, 20 cents.

Shot Young Brother.

Beaumont, Tex., March 8.—Saying in a joking manner, "I'll throw this cup at you; no, I'll shoot you," Mrs. Gus Goleck raised a rifle and pulled the trigger of the supposed empty weapon, and the leveled gun discharged its contents into the neck and head of her 15-year-old brother, Hoyt Sherman, inflicting wounds from which he died. The boy resided about five miles north of the city.

ONE CENT DAMAGES AGAINST AN EDITOR

Libel Suit Decided at New Lexington After Five Years of Litigation in the Courts.

New Lexington, O., March 8.—At 5 o'clock last evening the jury in the libel suit of Otto N. Danison against Philip M. Cullinan, publisher of the New Lexington Herald, awarded damages to the plaintiff in the sum of one cent.

The case was placed in the jury's hands at 5:10 Wednesday evening. In all the jury deliberated over 12 hours. At 3 o'clock yesterday afternoon the jury informed the court that it was ready to report, but when the report was read it was found to be in the words, "We, the jury in the case, agree to disagree." Judge Wood reprimanded the jurors for returning such a verdict and ordered them to return to the jury room. Two hours later they brought forth the verdict of one cent.

This case has traveled through the courts for several years, going from the Common Pleas court to the Supreme court. It began in 1902, when when the defendant printed an alleged libelous article in his newspaper concerning the purchase of grave markers for soldiers' graves in Perry county. The article stated that O. N. Danison of this place, offered a marker to the commissioners at \$2.50, but later submitted another at \$1.25, but in the end the commissioners purchased the markers from another firm at 40 cents each. In this action Danison claimed that he was damaged in the sum of \$10,000.

After the filing of this suit the Herald contained another article with reference to the plaintiff and the purchase of markers, which brought forth another \$10,000 action. The second suit will be tried at once, possibly next week.

The verdict for the plaintiff means that the costs will fall upon the defendant, which will likely run into several hundreds of dollars.

Latest Photograph of MISS EVA LEWIS
2572 Hamilton Avenue, Chicago

Danderine

GREW MISS LEWIS' HAIR

AND WE CAN

PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing normal and unobstructed action on the part of these most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.

Dear Doctor Knowlton:—

You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid.

I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it.

Everybody I know is using Danderine, so you see I am doing something to show my appreciation.

Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes,
25 cents, 50 cents and \$1. per bottle

FREE. To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Danderine Manufacturing Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

ATTRACTIONS AT THE AUDITORIUM DURING SEASON

UNDER C. E. MATTHEWS' MANAGEMENT HAVE BEEN ABOVE THE AVERAGE.

A Large Number of the Very Best Shows Have Been Here—Newark Men to Leave.

The closing of the present season of the Auditorium, which is now near at hand, witnesses the end of the most profitable and prosperous in the history of the popular play house and reflects great credit upon Manager Charles E. Matthews and his able corps of assistants.

This year has witnessed few big theatrical successes and business has been poor over the entire country, as a sort of reaction from the successes of the two or three seasons before this. It is when considering this fact that it is realized that Newark has certainly received a goodly share of the best to be had.

Among the many excellent attractions that have been seen here so far this season, are the following, which speak for themselves to those at all familiar with affairs theatrical:

Creston Clark in The Ragged Messenger; John Henshaw in Captain Careless; Grace Merritt in When Knighthood was in Flower; Ezra Kendall in Swell, Elegant Jones; Thos. Jefferson in Rip Van Winkle; Aubrey Boucicault in The Greater Love; Henry Woodruff in Brown of Harvard; Laura Burt and Henry Stanford in Dorothy Vernon of Haddon Hall; Cyril Scott in The Prince Chap; and such others as The Chausman, The Beauty Doctor, Niel Barages in The County Fair, The Old Homestead, The Four Huntsings in The Pool House, Al Field's Minstrels, Ernest Hogan in Rufus Rastus, David Belasco's masterpiece, The Girl of the Golden West, The College Widow, Henry E. Dixey in The Man on the Box, William and Walker in Abyssinia, Amelia Bingham in The Lilac Room, The Lion and the Mouse, Virginia Harned in The Love Letter and Camille, Katharine Osterman in The Girl Who Looks Like Me, Wm. V. Mong in The Clay Baker, Mary Emerson in His Majesty and the Maid, James Coyner in Our New Minister, Phoebe Davis and the original cast in Way Down East. With these may be included the announcement of several of the most successful pieces to be seen later just before the closing of the season. Manager Matthews has presented very few musical shows here this season, but is making up for lost time by giving Newark their best goes three of the best on the road, to be seen here soon.

Camille D'Arville in the great musical comedy, The Girl of the Golden West, is the latest attraction to be seen here. This show has been presented very few musical shows here this season, but is making up for lost time by giving Newark their best goes three of the best on the road, to be seen here soon.

IS YOUR Blood Bad?

Have you Pimples, Boils, Scrofula, etc., try "Smith's Potassium Compound." Trial package mailed free by addressing John A. Smith Co., Milwaukee, Wis. Money refunded if a 50c bottle fails to satisfy you.

At Druggists.

sical show, The Belle of London Town, Al Leach and the Three Rosebuds in the greatest success of last season, Girls Will be Girls, and a company of 70 of the highest class artists in the rollicking comic opera The Girl and the Bandit. The pretty rural drama, York State Folks, will also be presented late in the season.

As can be seen by the above list, Manager Matthews has made a strenuous effort to please the show loving public of Newark and vicinity, and has certainly succeeded in his efforts, as the large patronage of the house during the past season has proven.

Manager Matthews will leave about April 1, to begin an extensive tour of the Southern cities in the interests of the Southern Building Record, of which he has recently been appointed traveling advertising manager. Mr. and Mrs. Matthews will make their home in Chattanooga, Tenn.

Mr. Willard Graham, one of Mr. Matthews' most able and competent assistants during the past season, will leave about the same time as Mr. Matthews, for New York City, to begin an engagement with the Shubert interests. Mr. Graham is a man of thorough knowledge of theatrical affairs and management and his securing the long contract with the Shuberts speaks sufficiently for his ability.

Treasurer B. E. Smith of the Auditorium, has accepted a position with the Northern Ohio Traction company as treasurer of parks, and will leave this city soon to begin his new duties. He will make his headquarters at Canton, O., for the present. In his new field Mr. Smith will be associated with Mr. Will D. Harris, former manager of Buckeye Lake and Idlewild parks at this city, when he was connected with the Indiana & Eastern Traction company. It is safe to say that Mr. Smith is, without doubt, one of the most competent young men in this particular line of work, and through his business associates has become known by amusement men all over this section of the country.

Mr. Richard Thompson, for the past season connected with the same theater in the capacity of assistant carpenter, will also go to Canton soon where he will accept the position of stage manager at the Meyers Lake theater, one of the most popular summer resorts in Northern Ohio.

Mr. Ernest T. Johnson, the newly elected manager of the theater for next season, will take charge as soon as Mr. Matthews leaves.

THEATRICAL MAN TRIED SUICIDE

Cincinnati, O., March 8.—Clifford Grant, manager of the London Gaiety Girls company, playing an engagement at the Peoples Theatre, jumped from a window of his room on the second floor of Honors Hotel last night. He fell into an alleyway. His right leg was broken, and it is thought that he also suffered internal injuries. According to the information secured at the hotel, Grant had been drinking during the day and his wife, Nellie Grant, who is a member of the company, remained with him instead of going to the theatre to take part in the performance. She locked him in his room and Grant strenuously objected. Shortly after midnight his wife left the room for a short time, and Grant jumped from the window.

\$100,000 Is What Liquezone Cost Us. A Test Costs You Nothing at All.

There is a gas-made product which does, in some conditions, what nothing else can do. A product known the world over, for millions have used it. And countless people everywhere owe much to this invention.

We ask you to try this product, at our expense. Be fair to yourself; learn how much it means to you. Even though it fails you have lost nothing. If it does what it does for others, you are well. And do you suppose we would make this offer if the results were not bound to surprise you?

What Liquezone Is.

Liquezone is a tonic-germicide, the virtues of which are derived solely from oxide gases. No alcohol, no narcotic, nothing but gas enters into it. The process of making requires large apparatus, and consumes 14 days' time. The object is to so combine the gases with a liquid as to carry their virtues into the system.

The result is a germicide so certain that we publish with every bottle an offer of \$1,000 for a disease germ that Liquezone cannot kill. It destroys them because germs are of vegetable origin. But to the body Liquezone is exhilarating, vitalizing, purifying. That is its main distinction. Common germicides are poisons when taken internally. They are impossible, for

they destroy the tissues as well as the germs. That is why medicine proves so helpless in dealing with germ diseases. Liquezone, on the contrary, acts as a remarkable tonic.

We Paid \$100,000.

For the rights to Liquezone, after thousands of tests had been made with it, after its power had been demonstrated for more than two years in the most difficult germ diseases. Conditions which had resisted medicine for years yielded at once to it, and diseases considered incurable were cured. That was five years ago. Since then millions of people in every part of the world have shared in the benefits of this invention. Nearly every hamlet, every neighborhood, has living examples of its power. Now we ask you to let it do for you what it did for them.

Germ Diseases.

Most of our sickness has, in late years, been traced to germ attacks. Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. In one of these ways, nearly every serious ailment is a germ result.

Such conditions call for a germicide, not for common drugs. Liquezone does what other means cannot accomplish. And it is wrong to cling to old ways when millions of people know a way that is better.

50c Bottle Free.

If you wish to know what Liquezone does please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever. Liquezone costs 50c and \$1.

CUT OUT THIS COUPON

Fill it out and mail it to The Liquezone Company, 48-54 Wabash Ave., Chicago.

My disease is _____

I have never tried the new Liquezone, but if you will supply me a 50c bottle free I will take it.

Give full address—write plainly.

We are now putting out an improved Liquezone, based on five years of experience. And even old users may accept the above offer, to learn how much better the new product is. Liquezone is guaranteed under the new Pure Food Law.

Accept no imitation or hospital not yet using Liquezone will be gladly supplied for a test.

Some Special Values In Novelty Suiting Cloths

Beautiful Ranges of Checks, Plaids and Stripes.

With the idea in mind, of the increasing popularity of this special class of suiting materials for the spring of 1907, we have carefully selected a stock that will meet almost every demand. We mention a few numbers that are especially worthy of your inspection. Patterns and weaves that are well worth today \$1.25 a yard all included in our

Special Showing at \$1.00 a Yard.

Panama Worsteds—A 56 inch material in the popular shades of gray-up-to-date checks, plaids, and the new Paris stripe effects. A cloth specially suited for separate skirts, as well as for entire suitings.

Fancy Batistes—Soft shade of grays-tans and "Alice" blues shadow plaid effects relieved with silk-overline plaiding, introducing little touches of reds-greens, and old rose. Very fine in texture, making a most desirable fabric for the more dressy gowns.

Novelty Cloths—54 in. width. Intended for Spring Coats for Ladies and Misses, in combinations of grays, tan with browns, tan with light blues, wine with tan.

The French Colorings in Foreign Plaids—This material well meets the demand for a handsome dress for a child, as well as a stylish waist-plaid 45 inches in width, soft in texture, and beautiful in coloring.

PATROL BOXES ARE INSTALLED

LINEMEN WERE CONNECTING
PHONES IN BOXES AND
TESTING LINES.

Patrolmen Will be Instructed to Com-
mence Reporting Monday Night.
Operators on Duty.

Beginning Monday morning the operators of the police telephone system will go on duty to receive reports from the officers on their various beats over the city. Nearly all the telephone boxes for patrol calls and reports of patrolmen have been installed. Wooden boxes have been put up for temporary use until the iron boxes contracted for can be made by the foundry. Workmen were engaged Friday in connecting up the phones in these boxes and testing them in at the switchboard in the patrol station.

All the patrolmen will receive instructions Monday to make their reports from the boxes designated. Regular programs for reporting from various districts will be made out, and the patrolmen will be expected to follow out the schedule.

EMMA GOLDMAN THE ANARCHIST IS IN COLUMBUS

Columbus, March 8.—Emma Goldman, the anarchist, arrived in Columbus yesterday afternoon from Cleveland. In an interview she declared that conditions in America are worse than in Europe, and declared that she had ever advocated violence, explaining that it is contrary to the doctrine which she advocates. She ridiculed Columbus police and newspapers because she was refused the use of a hall in which to speak, saying that she was condemned without a hearing, and contrasting the course with that of Mayor Johnson in Cleveland.

When Miss Goldman reached Columbus she was immediately taken in charge by representatives of the International Radical association, the local organization which has arranged for her lecture here today, tomorrow and Sunday night. Use of the hall over H. M. Stone's saloon, 182 South Fourth street, it is said, was finally secured for her addresses. She is the guest of the local organization, which has engaged a room for her in the residence of Mrs. Rosie Baker, 416 South Eleventh street.

TO MAKE ATTEMPT TO PROVE VALID CITY ORDINANCE

Danville, Ill., March 8.—Today the state hopes to prove to the satisfaction of Judge Kimbrough that the fire and building ordinances of Chicago are valid. If they fail, Will J. Davis on trial here on the charge of manslaughter in connection with the Iroquois fire horror will be freed.

If they prove their contention, the ordinances will be admitted as evidence and the long legal battle will begin.

On the opening of court today Special Counsel Geo. T. Buckingham opened his argument. This afternoon Attorneys Mann and Calhoun will reply. It is expected that tomorrow morning Judge Kimbrough will give his decision.

Asst. States Attorney Barbour of Chicago, expresses the belief that the court will sustain the prosecution's contention of validity on the ground that State Supreme court always has sustained an ordinance, however defective, when it has to do with the safe guarding of human life.

"That is an unwritten law," said Barbour.

Signs Two-Cent Bill.
Lincoln, Neb., March 8.—The two-cent per mile railroad law which went into effect in Nebraska was signed by Governor Sheldon only a few minutes before midnight, when it would have become a law without his signature. While Governor Sheldon stands for certain railroad reforms, he expressed himself during his campaign and since his inauguration as believing that a two-cent fare would mean confiscation in many cases.

TRACTION OUTLET

For the Village of Johnstown Looks
More Favorable—Mrs. French
Meets With Accident

Johnstown, March 8.—That Johnstown will eventually have a traction outlet looks somewhat more favorable than at any other time before. On Monday the articles of incorporation of the Cleveland, Southwestern & Columbus Railway company were filed in the office of the secretary of state with a capitalization of \$10,000,000. The company will build several extension routes south, the routes are now being surveyed. One to be by way of Mt. Vernon to Columbus which will connect with the Columbus, New Albany and Johnstown at Johnstown. Another by way of Newark where a connection will be made with the line of the Indiana, Columbus and Eastern. This looks like business and Johnstown people are much encouraged over the present prospect.

Mrs. F. D. French met with an accident which might have resulted very seriously a few nights ago. All the members of the family had retired with the exception of Mrs. French who soon after prepared for retiring and turning out the light started for the bed room, opening as she supposed the bed room door. It proved to be the cellar door, however, and she fell headfirst to the floor below, bruising and spraining herself terribly and rendering her unconscious for some time. Fortunately no bones were broken, and she is now resting as comfortably as could be hoped for.

On last Tuesday Mr. and Mrs. B. E. Carter celebrated the ninth anniversary of their marriage and entertained in honor of the occasion Auditor and Mrs. J. N. Wright of Newark, and Mr. and Mrs. W. A. Ashbrook.

Mrs. Edna Evans, after a pleasant visit with her mother, Mrs. Elizabeth Frederick, has returned to her home in Newark.

A. A. Rich has severed his connection with the Citizens bank and has been succeeded by C. M. Ross, who has been with the bank for a number of years.

The many friends of Mrs. Isaac R. Hill are greatly pleased to learn of her continued improvement. She is rapidly regaining feeling and in many respects is much better.

Miss Gladys Cramer, who has been visiting friends in Washington, D. C. for some time, has returned home and resumed her duties in the Johnstown bank. She expects to return to her home in California in the near future.

You'll need a Top Coat for spring. An elegant line to select from at

HEAD WAS TORN FROM THE BODY

TERRIFIC EXPLOSION OF A HIGH
PRESSURE BOILER KILLED
TWO MEN

While a Third Employee Was Fright-
fully Mangled at Woodsfield on
Thursday Afternoon.

The dead:
Edward Douglass, 29, married,
Woodsfield.

Frank Madison, 27, married, same
residence.

Injured:
Francis Sulzberger, Woodsfield.

Woodsfield, O., March 8.—The unexpected explosion of a 50-horse power boiler at a producing oil well on the Block farm, near here, at 5 o'clock Thursday afternoon resulted in the instant death of two men and severe injury of another. The sound of the explosion was heard for miles around, and the fear of an earthquake spread among some of the people.

Edward Douglass and Frank Madison, two pumpers, were in the boiler house at the time the explosion occurred. Francis Sulzberger was just entering the boiler house at the same instant, and he was hurled through the air for 40 feet, bruised about the head and face and stunned. He gathered himself up after a short time, dragged his mangled body to the nearest telephone and sent word of the fate of his comrades to this city.

He then gazed upon the wreck and saw that Douglass' body lay some distance away from the scene, his head blown off and lying in one place and one of his legs severed from his body and lying in another. He body was badly mangled otherwise.

Madison's body was also a mass of torn flesh, but not mutilated as was that of his comrade, Douglass. The boiler house is a complete wreck and no remnants remain. Another boiler was also wrecked, as was the engine, from the force of the explosion.

A rescue party was sent out from here with a wagon and a physician. Sulzberger was cared for and bandaged and in the same vehicle which brought him to this town were brought the mangled remains of the two other men. They were taken to Turnbaugh's undertaking establishment and prepared for burial, then removed to their homes.

The house and property belonged to the Imperial Oil and Gas company, and the accident occurred at their pumping station. There is no explanation of the accident, and never will be, as there is no firemen employed and the dead men alone knew the condition of the water in the boiler and steam gauge. Sulzberger says it is impossible for him to throw any light on the accident.

The best \$2, \$3, \$4 and \$5 Hats are being shown by Geo. Hermann, the Clothier.

NEWARK GIRL SAID TO HAVE RUN AWAY

Chief Sheridan received a telegram from Ashtabula last night in which information was asked with reference to Florence Taylor. The message stated that Florence Taylor was registered at the hotel in Ashtabula and that she was under 15 years of age. The officers there thought that the girl must have run away from home. It was thought possible, however, that the girl is registered under an assumed name.

Chief Sheridan detailed an officer to look up the girl's relatives last night, but no one who knew the girl could be located. Anyone in possession of information which would throw light on the identity of the girl can communicate with Chief Sheridan.
